

C 19

Stackable chair with PP shell

Light. Shapeful. In 5 colours.

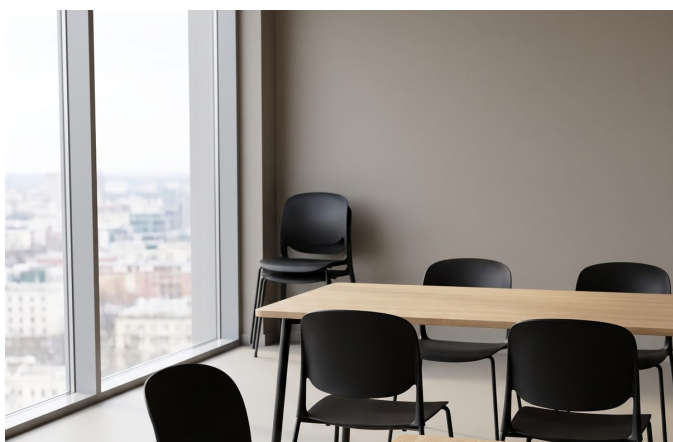

C 19

The C 19 is a lightweight stackable chair with an ergonomically shaped polypropylene (PP) seat shell. Available as a four-leg or sled base version – chrome-plated or powder-coated, optionally with seat cushion and armrests.

The C 19 combines attractive design with robust functionality for daily use in catering, event spaces and educational facilities. The PP shell is available in 5 colours: White, Black, Marsala, Powder Blue and Tobacco.

The steel tube frame is available chrome-plated or powder-coated in any RAL colour. In the four-leg version, the C 19 is stackable – up to 8 chairs can be stacked to save space. The sled base version offers a calm, elegant look for fixed seating.

Optionally available with seat cushion in numerous fabric and faux leather covers. An armrest variant completes the range.
