

FT 66

Round folding table

Legs in. Stack flat. Done.

FT 66

The FT 66 is a round folding table: four round tube legs fold flat under the tabletop via the FIS-SL mechanism. Multiple tables stack compactly on top of each other – no trolley, no tools required.

a single action all four legs fold flat under the top – the table then sits barely higher than the top itself. Multiple FT 66 tables can be stacked on top of each other and stored flat against a wall.

Round tube legs in aluminium finish, anthracite or custom RAL colour. Top in melamine, HPL, linoleum or veneer. Diameter $\varnothing$ 100 cm to $\varnothing$ 200 cm, height 740 mm standard – custom sizes on request. Optional glide castors for even easier transport.
