

HC 8

Bar Stool with Upholstered Seat Shell

Simple. Versatile. At eye level.

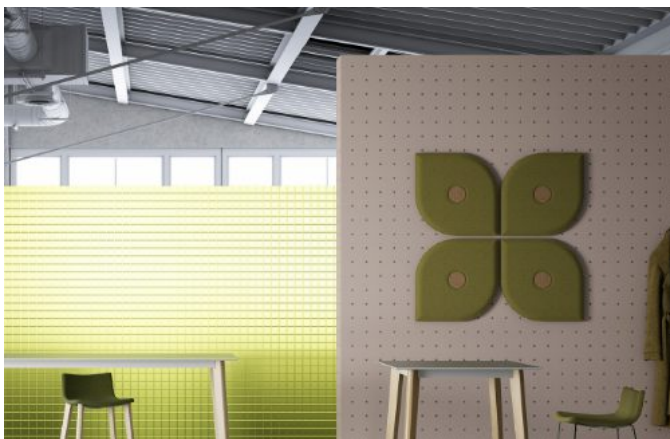

HC 8

The HC 8 combines timeless, understated lines with craftsmanship: a fully upholstered seat shell on a solid ash four-leg frame or a slender chrome-plated sled frame. A versatile bar stool for hospitality, office and reception areas.

The HC 8 is an easily adaptable bar stool with simple, timeless lines that combine modern design with a traditional, hand-crafted soul. The fully upholstered beech moulded-plywood seat shell provides comfort at bar height — the cover can be freely chosen in fabric, faux leather or leather.

The frame comes in two variants: a solid ash four-leg frame for a warm, natural look, or a slender chrome-plated sled frame for a light, modern appearance. Plastic glides ensure a secure stand in both variants.

Whether at the counter, in reception, at a standing table or in a lounge area — the HC 8 is a versatile stool for a versatile space.
