

HFT 24

Folding, stackable high table

Flexible. Stable. Always ready.

HFT 24

The HFT 24 is a folding and stackable high table for commercial use. Available with three-leg or four-leg base, optionally with casters — the safety folding mechanism with stack guard makes it ideal for canteens, bistro areas and multi-purpose spaces.

Staffelschutz lassen sich mehrere Tische ineinander gestaffelt lagern — flächensparend und ohne Beschädigungsgefahr. Das verchromte Dreibeingestell ermöglicht dabei engeres Zusammenstellen als viereckige Konstruktionen. Die Vierbeinalternative bietet maximale Standsicherheit, die Rollenversion vollständige Mobilität.
