

HT 150

Standing table with solid wood legs

Natural material. Clear design. Every atmosphere.

HT 150

The HT 150 is a standing table with solid ash wood legs that combines Nordic design language with robust project quality. As a rectangular communication table or square bistro table – the HT 150 fits equally well in office, canteen and event settings.

Solid wood gives rooms warmth. The HT 150 uses this material consistently: the tapered legs in ash wood support a tabletop at counter height (1020 mm) and give the table a lively, distinctive profile.

The underframe combines wood and metal: a continuous steel frame stabilises the structure and simultaneously serves as an integrated footrest (Poggiapiedi). Frame variants range from chrome to black to colour-matched powder coating – so the table can be adapted to any colour scheme.

The tabletop is available in common rectangular formats (800×1600 mm, 1000×2000 mm) and as a square (1000×1000 mm, 1200×1200 mm). Surfaces in HPL laminate, linoleum, veneer or melamine – available in matte and vibrant colours.

HT 150 — Specifications

- Solid ash wood legs, square cross-section
- Steel head plate connecting legs to tabletop
- Steel stretcher frame as integrated footrest (Poggiapiedi)
- Frame variants – chrome, black, powder-coated to specification
- Rectangular formats – 800×1600 mm, 1000×2000 mm
- Square formats – 1000×1000 mm, 1200×1200 mm
- Counter height 1020 mm
- Tabletop in HPL, linoleum, veneer or melamine

Dimensions

Width (rectangular)	1600 / 2000 mm
Depth (rectangular)	800 / 1000 mm
Width/Depth (square)	1000 / 1200 mm
Height	1020 mm

Four standard formats: 800×1600, 1000×2000 (rectangular) and 1000×1000, 1200×1200 (square). Custom sizes on request.

Options

- Tabletop format rectangular 800×1600 mm or 1000×2000 mm
- Tabletop format square 1000×1000 mm or 1200×1200 mm
- Tabletop finish (HPL, linoleum, veneer, melamine)
- Frame variant chrome, black or custom colour
