

HT 40

Standing table with central column

Standing table. Same line.

HT 40

The HT 40 is the standing table of the T 40 family – with identical central column design at bar height of 1050 mm. For standing zones, coworking, event gastronomy and communicative meeting areas.

As the standing table of the T 40 product family, the HT 40 shares the same high-quality aluminium cross-foot base with central column. The bar height of 1050 mm makes it the first choice for standing zones in offices, coworking spaces and event gastronomy.

The tabletop is freely selectable: melamine, HPL, outdoor compact laminate, linoleum, veneer, ceramic or mineral material – standard diameters 60, 70 and 80 cm.

HT 40 — Specifications

- central column with cross-foot, aluminium polished or powder-coated
- bar height 1050 mm
- top in melamine, HPL, outdoor compact laminate, linoleum, veneer, ceramic or mineral material
- standard diameters 60 / 70 / 80 cm
