

LT 40

Side table with central column

Small format. Big impact.

LT 40

The LT 40 is the side table of the T 40 family – with identical central column design but a compact height of 520 mm. Ideal as a surface in lounge areas, next to sofas or as a coffee table in hotel lobbies.

As the side table of the T 40 product family, the LT 40 shares the same high-quality aluminium cross-foot base with central column. The low height of 520 mm makes it the perfect complement for lounge zones, waiting areas and hotel lobbies.

The tabletop is freely selectable: melamine, HPL, outdoor compact laminate, linoleum, veneer, ceramic or mineral material – standard diameters 50, 60 and 70 cm.

The base is available in chrome, polished silver and all RAL colours.
