

LT 48

Side table with round base

Small format. Big impact.

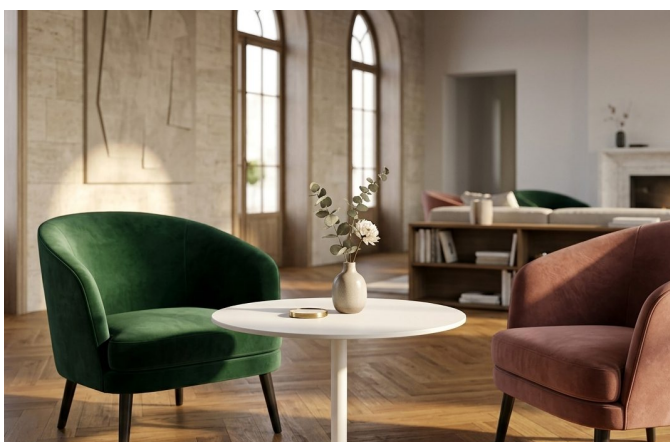

LT 48

The LT 48 is the side table of the Round family — with slender central column and flat round base plate at 520 mm height. For lounge, reception and waiting areas.

The Round base of the LT 48 is identical to the T 48 and HT 48 — at the low side table height of 520 mm. The slender steel column with flat round base plate fits unobtrusively beside sofas and lounge chairs.

Tabletop in melamine, HPL, outdoor compact laminate, linoleum, veneer, ceramic or mineral material. Round formats Ø 45, 55 and 65 cm. Base chrome-plated or powder-coated in black, white, anthracite or custom RAL colour.

LT 48, T 48 (720 mm) and HT 48 (1050 mm) share the same base design — for a consistent look across lounge, meeting and standing zones.
