

OC 140

Office chair · 4D armrests

Ergonomics that thinks ahead.

OC 140

The OC 140 is an ergonomic office chair with mesh backrest, synchro mechanism with seat depth adjustment and 4D armrests. Available with or without a height- and tilt-adjustable headrest, frame in black or white.

The OC 140 is designed for all-day office use: the synchro mechanism with adjustable seat depth and height-adjustable lumbar support adapts to the shape of the back, while the mesh upholstery provides lasting climate comfort.

The 4D armrests adjust in height, depth and width and can additionally be rotated — for individual adaptation to any sitting posture. An optional padded headrest is available, adjustable in height and tilt.

The nylon base (Ø700 mm) is also available in polished aluminium. The seat shell comes in black or white, with upholstery freely selectable from the fabric collection.

OC 140 — Specifications
