

T 40

Round bistro table with central column

One base. Three heights. At home everywhere.

T 40

The T 40 is an elegant round bistro table with a slender central column and sturdy cross-foot base in polished or powder-coated aluminium. Timeless design for hotel lobbies, restaurants, bistros and open meeting zones.

The central column of the T 40 in high-quality die-cast aluminium combines visual lightness with solid stability in daily contract use. The four-arm cross-foot provides safe footing on smooth floors; height-adjustable glides compensate unevenness.

The tabletop is freely selectable: melamine, HPL, outdoor compact laminate, linoleum, veneer, ceramic or mineral material – standard diameters 60, 70 and 80 cm, further on request. The base is available in chrome, polished silver and all RAL colours.

T 40, LT 40 (side table, 520 mm) and HT 40 (standing table, 1050 mm) share the same base design and can be freely combined – for a consistent look in lounge, bistro and standing zones.
