

T 46

Centre column table with T 46 base

One base. Three heights. For every room.

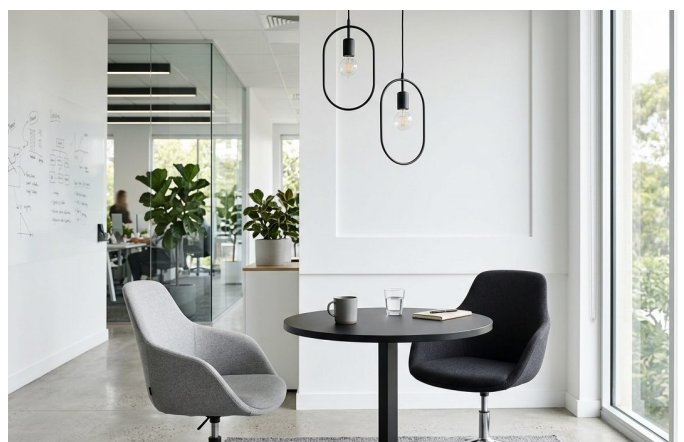

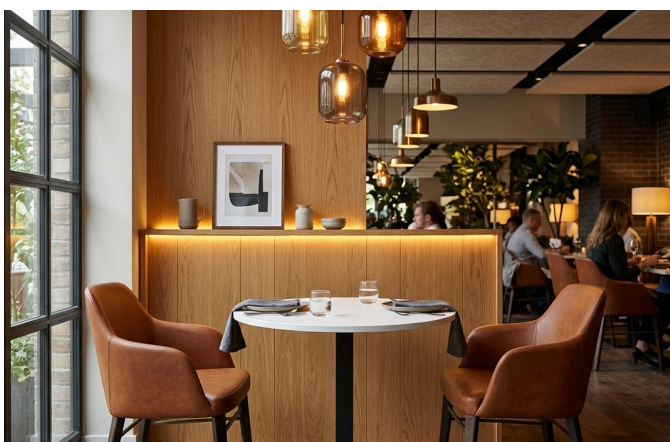

T 46

The T 46 is a contract table with a slender centre column base and square floor plate. The reduced T 46 design fits seamlessly into gastronomy, education and office environments — stable, easy to maintain and clear in line.

The T 46 base of the T 46 consists of a precision-manufactured centre column with a square floor plate in steel — chrome-plated or powder-coated in silver, black or any RAL colour.

The tabletop is available in all common surfaces: melamine, HPL, outdoor compact laminate, linoleum, veneer or ceramic. Standard round and square formats from 600 mm to 800 mm as well as 700 x 700 to 800 x 800 mm; further dimensions on request.

T 46, LT 46 (side table, 520 mm) and HT 46 (standing table, 1050 mm) share the same base design and can be freely combined — for a consistent look in lounge, meeting and standing zones.

T 46 — Specifications
