

# T 48

Pedestal table with round base

One base. Three heights. Pure geometry.

## T 48

The T 48 is a pedestal table with a slender column and flat round base plate. Clean circular form, minimal visual presence — for bistro, canteen, and consultation areas.

The Round base of the T 48 consists of a precisely turned steel column with a flat round base plate — available chrome-plated or powder-coated in black, white, anthracite, and custom RAL colours.

The round tabletop is available in all common surfaces: melamine, HPL, outdoor compact laminate, linoleum, veneer or ceramic. Standard diameters 60, 70, 80 and 90 cm.

T 48, LT 48 (side table 520 mm) and HT 48 (standing table 1050 mm) share the same base design — for a consistent look across lounge, meeting and standing zones.
